Sample message to share with your family and friends:

Hi and thank you for taking a minute to let me explain why I'm participating in the CGS Active Week — and why your donation means so much!

The CGS is a national organization that focuses on the defining health care challenge of our generation – the provision of compassionate, effective and sustainable health care for the rapidly growing numbers of older Canadians. The CGS is committed to improving the care of older adults and has decided, through its Foundation, to promote interest amongst Medical Students in the practice of Geriatrics.

All of the money raised through the CGS Active Week supports various CGS initiatives such as the Continuing Medical Education Journal, Canadian Geriatrics Journal and Geriatric Interest Groups. Your donation will help the CGS Scholarship Foundation to achieve these objectives.

Together, we can make a difference in the future of Geriatrics.
