

# NGIG Student Day

## The Westin Calgary

### Saturday, April 27, 2024

**Facilitator:** Amy Huang

The annual NGIG Student Day is organized by the National Geriatrics Interest Group for students in medicine, research, and all interdisciplinary health care fields with an interest in the geriatric population. This is a great opportunity to learn from Canada's leaders in geriatric health and meet fellow like-minded students from schools across Canada. The theme for 2024 is **"Promoting Healthy Aging in a Changing World"**.
