

NATIONAL GERIATRICS INTEREST GROUP

STUDENT DAY

EVENT DESCRIPTION

The **NGIG Student Day** is Canada's only conference designed specifically for future physicians interested in elder-friendly medicine. The day will feature a keynote by Dr. Samir Sinha, a geriatrician at Mount Sinai Hospital and the Director of Geriatrics at the University Health Network in Toronto, a Geriatrics Career Panel, workshops, and the NGIG award ceremony. This is a great opportunity to learn from Canada's leaders in geriatric medicine and meet fellow like-minded students from schools across Canada.

The NGIG Student Day is produced by the **National Geriatrics Interest Group (NGIG)**, a centralized student-led group started by medical students with the goal of bringing together individual GIGs and creating Canada-wide education initiatives in the field of aging.

Please visit www.ngigstudentday.com for more details.
